

# ARTICULATE 360

EVERYTHING YOU NEED FOR EVERY  
ASPECT OF COURSE DEVELOPMENT

Join this fun and interactive training programme and learn how easy it is to develop your own eLearning courses.

This training programme will provide e-learning developers, instructional designers, in-house trainers and subject matter experts with the knowledge and know-how to design, build and publish their own interactive eLearning programmes using the Articulate 360 software.

# WHAT WILL YOU LEARN ABOUT?

**ARTICULATE 360** simplifies eLearning development from start to finish. It has everything you need to source assets, author multi-device courses, speed stakeholder reviews and grow your skills.

## **STORYLINE 360**

Learn how to create virtually any interaction under the sun in minutes. Storyline 360 is intuitive, familiar, and integrates seamlessly with Content Library 360, so you can start your course with the most beautiful, high-quality assets in the industry.

You will learn how to create and personalise interactions, create screencasts, build software simulations, add any video and create assessments, which you can deliver to every device without tweaking a thing.

## **STUDIO 360**

Learn how to create presentation-based courses for any device, faster than ever by using PowerPoint - a tool you already know. Presenter 360 lets you import and record audio, import and adjust video in any format, and easily add Flash movies, web objects, and interactive content to your slides.

You will learn how to easily build 20 beautiful interactions by simply adding text and media to a form and how to create decision-making scenarios, drag-and-drop activities, quizzes, surveys, and more.

## **REPLAY 360**

Learn how to walk learners through on-screen content by capturing screen activity and yourself on webcam - at the same time. With Replay 360, it's super simple to create professional-looking screencasts with a personal touch.

You will learn how to record, edit and enhance your media to achieve professional results.

## **PEEK 360**

Learn how to easily record screencasts on your Mac or PC. With easy access to the app, you only need to choose what to capture, record the sound and you're ready to share your screencast.

## RISE 360

Learn how to create beautiful, inherently responsive eLearning with Rise 360. Using the latest web technologies, Rise 360 automatically adapts courses for every device under the sun. Learn how to:

- Create lean-forward learning moments with interactive sorting, labelled graphic, process, timeline, and accordion blocks.
- Tell stories with text, chart, and multimedia blocks, and add custom interactivity you create in Storyline 360 with Storyline blocks.
- Add quizzes to your courses with multiple choice, multiple response, fill-in-the-blank, and matching quizzes.

## CONTENT LIBRARY 360

Learn how to access to an ever-expanding library of 4.5+ million images and customizable slide templates designed by pros. Make your content relatable by adding more than 100,000 combinations of photographic and illustrated characters, expressions, and poses to your course.

## REVIEW 360

Learn how to easily collaborate with all stakeholders - in one place. Keep everyone on the same page, all the time. Gather consolidated feedback throughout your project, show stakeholders the latest version, and manage resolved comments after making changes. With Review 360, you'll always stay in sync.
